Subject: Kensington District Handling of Signed Petitions

Dear Ms. Uilkema:

I have received your letter regarding the subject matter and read it carefully. I agree that District staff committed multiple errors in handling the signed petitions and will conduct a training before the next election. However, I do believe that a few clarifications might lessen the apparent fault on the part of our sworn personnel. I will send you a letter explaining these items as soon as I am able.

Do you have any objection to the District publishing your letter on its website? I believe that it is now subject to disclosure under the Public Records Act and many of our citizens remain interested.

Thank you.

Ann R. Danforth
